PREFACE

IN presenting the **Forty-Ninth Annual Edition** of the **City of Hamilton Directory**, we thank the business men and patrons in general for the liberal and enthusiastic support which they have given us. The number of names of individuals in the Alphabetical Directory is **52,420**, which, multiplied by 2½, the usual figure used by Directory Publishers, gives a population of 131,050 for Hamilton and the adjacent outskirts. This estimate includes the residents of West Hamilton and the section on the Mountain Top, which is not in the City Limits, and also a number of persons who live in the surrounding towns and villages but who are employed in Hamilton.

Our estimate of the population of Hamilton proper is 123,550.

CHIROPRACTIC

THE WORLD'S GREATEST SCIENCE

THE ONLY METHOD EVER DISCOVERED FOR ERADICATION OF DISEASE BY GOING DIRECTLY TO THE CAUSE.

A NEW ROAD TO HEALTH

A SUBLUXATED VERTEBRA CAUSES PRESSURE UPON THE NERVE INTERRUPTING NORMAL NERVE SUPPLY. THIS WILL WEAKEN THE TISSUE OR ORGAN SUPPLIED, AND THE RESULT IS DISEASE. A CHIROPRACTOR ADJUSTS THE OFFENDING BONE TO NORMAL POSITION, RELIEVING NERVE PRESSURE, THUS REMOVING THE CAUSE SO NATURE CAN RESTORE HEALTH.

The Success I have had in the past Eleven years is a Guarantee of the Excellence of the Results you will receive in the future.

THE CAUSE OF DISEASE

95% of all diseases originate at the points indicated by the arrow heads. The diseases mentioned below are only a few which are caused by subluxations of vertebrae in the spinal column.

1. Slight subluxations at this point will cause so-called headaches, eye disease, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.

2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.

3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.

4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.

5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.

6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccoughs, worms, etc.

7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.

8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.

9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?

10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

Chiropractic Adjustments Remove Pressure from Nerves and Health Returns.

Economy and Cleanliness

ARE TWO MAIN FEATURES OF

McClary's Electric Ranges

THE ROUND CORNERED, SEAMLESS ENAMELLED OVEN insures Cleanliness.

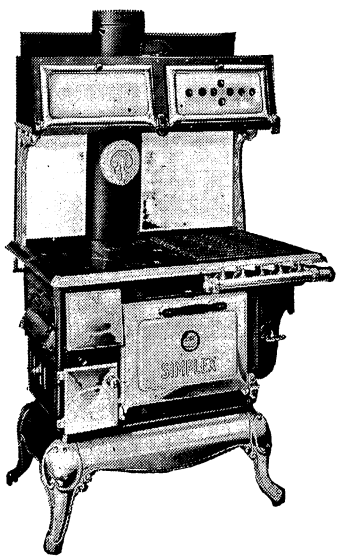

THE PROTECTED ELEMENT on the cooking surface, while maintaining a stronger heat than the open type, affords absolute protection to the wiring from injury caused by moisture or foods boiling over, and presents a smooth, clean surface.

McClary's Simplex Range

BURNS GAS, COAL and WOOD

Absolutely no parts to change. A turn of the key changes from coal to gas.

A Range which can be used every day of the year.
